CURRICULUM VITAE

Career Goal

The world is currently adapting to different kinds of technologies each and everyday and my aim to encourage as many people as I can to allow these technologies to complement all that they do. This is most prevalent in the agricultural sector which is the largest source of income here in East Africa. More people should embrace the use of technology in agriculture which could boost production enormously. This is my goal and what I stand for.

Skills Profile

- Knowledgeable in use of Java programming, PHP (specifically the PHP frameworks such as Laravel)
- Proficiency in Ubuntu Server and different server technologies such as apache, Nginx.
- Passionate about all different computer hardware.
- Proficient in the following Microsoft Office packages: Word, PowerPoint, Excel, OneDrive and Publisher
- Strong public speaker
- Possess strong written and spoken English
- Extensive use of Social media and following up on Social media trends
